WEB DESIGNER

## About Me

I am a self-taught Frontend Developer and Web Interaction Designer from Delhi, India. With a strong foundation in HTML, CSS, and JavaScript, I specialize in crafting visually engaging and interactive web experiences. I have hands-on experience with advanced tools like Three.js, GSAP, Locomotive, and ScrollTrigger, which I use to create dynamic animations and seamless user experiences. My passion lies in blending design and code to bring creative ideas to life, and I constantly strive to push the boundaries of web design and development.
